

ISQNS 2022

International Symposium on Quantum Nano Science 2022

January 13 (Thu.) 2022

Nano-Quantum Information Research Division in RIST (Research Institute for Science and Technology) of Tokyo University of Science organizes the International Symposium on Quantum Nano Science 2022. An aim of this symposium is to share recent developments in quantum nano science technologies.

Hybrid
on site : Tokyo, Japan
(Tokyo University of Science)
on line : Zoom

Organized by
Research Institute for Science & Technology
Tokyo University of Science

Schedule :

January 13 (Thu.) 2022 10:00 – 15:50

Registration URL :

<https://forms.gle/taUnY24Cpa1TgfuM7>

Invited Speakers :

- Yasuhiko Arakawa (The Univ. of Tokyo)
- Michel Devoret (Yale Univ.)
- Sangil Kwon (Tokyo Univ. of Science)
- Shiro Saito (NTT)
- Irfan Siddiqi (UC Berkeley)
- Seigo Tarucha (RIKEN, Tokyo Univ. of Science)
- Jaw-Shen Tsai (Tokyo Univ. of Science)
- Alexandre Zagoskin (Loughborough Univ.)
- Xiao-Bo Zhu (Univ. of Science and Technology of China)

Venue :

Morito Memorial Hall, Tokyo University of Science (TUS)
4-2-2 Kagurazaka, Shinjuku-ku, Tokyo 162-8601, Japan

Access to Morito Memorial Hall
